## Bunny Tails Gift Bag

### Stamps & Stencils:

- AGC4-2874  
Bag Template Cling Mount Stamp
- 11495MC  
Bunny Bait & Tails Clear Stamp Set
- Stencils:  
IA-CLOUDSTEN Cloud & IA-GRASSTEN Grass/Hill

### Cardstock:

- Light Green
- White
- Yellow

### Other Supplies:

- Memento Ink Pads:  
Tuxedo Black & Summer Sky
- Archival Ink Pads:  
Fern Green & Leaf Green
- Colored Pencils or Markers
- Liquid Adhesive
- Paper Distresser
- Post-It Note or Removable Tape
- 1/8" Hole Punch
- Yellow or Green Ribbon

1. Stamp the Gift Bag Template stamp twice onto yellow cardstock.
2. Cut out both pieces on all of the solid lines. Score on all dotted/dashed lines, and then fold. Cut off the top flap (A) from *one* of the pieces.

3. Stamp the bunny image from 11495MC Bunny Bait & Tails Clear Stamp Set onto 2 3/4" x 3" white cardstock. Create a mask for the bunny using a Post-It Note or removable tape, place over bunny image, and then stamp the carrot image twice (as shown). Color bunny and carrot images, and stamp the "Bunny Tails" sentiment at the bottom.

4. Create a mask for the bunny and carrots using a Post-It Note or removable tape, and place it over the bunny/carrots.

5. Use a round sponge to apply Summer Sky ink over the Cloud Stencil onto the upper part of the white cardstock panel. Using another rounded sponge, apply Fern Green and Leaf Green inks over the grass edge of the Grass/Hill Stencil onto the lower part of the white cardstock panel. Remove the mask.

6. Using a paper distresser, roughen all four edges of the white cardstock panel.

7. Adhere the white cardstock panel with the bunny image to the “right” side (i.e., the side *without* the score lines) of the template piece that does *not* have the top flap.

8. On the piece that *does* have the top flap, apply liquid adhesive to the side (F) tab on the “wrong” side (i.e., the part of the cardstock where the score lines are visible).

9. Flip over the piece with the top flap, and position it so that the side (F) tab (with the adhesive), lays on top of the side of the opposite template piece that no longer has the top flap. Align the seam, and firmly press side (F) tab of the piece *with* the flap onto side (B) tab of the piece *without* the flap.

10. Rotate the bag so that the piece with the bunny panel is facing up (i.e., the piece that does *not* have the top flap). Apply adhesive to the “right” side (B) tab of the piece with the top flap, and place it under the side (F) tab of the piece that has the bunny panel facing up. This will close up the sides of the bag.

- At the bottom of the box, fold the smaller (D) tabs under the larger (C) tabs, like a regular box. Slightly lift each larger (C) tab (the tab with lines), and place liquid adhesive where the lines are visible. Press gently so the adhesive can take hold.

- Hole punch two  $\frac{1}{8}$ " holes through the top flap and upper part of the gift bag simultaneously. Thread ribbon through the holes, starting at the back of the bag and going through to the front.

- Stamp "Hoppy Easter" and "To/From" onto light green cardstock. Punch into a tag shape, and then punch a  $\frac{1}{8}$ " hole at the narrow end of the tag.

- Thread ribbon through back of light green "To/From" tag onto top of gift bag, and tie ribbon into a bow.
