

Bunny Trio V-Fold Pop-Out Card

Stamp Set & Die:

11233MC Hoppy Easter Clear Set
IAD-008 Square Cage Die

Cardstock:

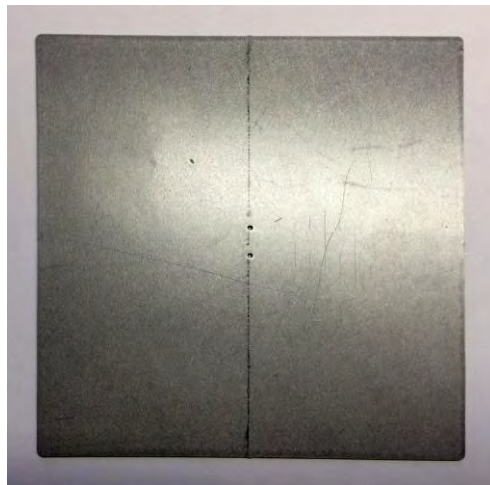

White
1-149 Guava Sensation
3-337 African Daisy
5-5128 Apple Crush

Other Supplies:

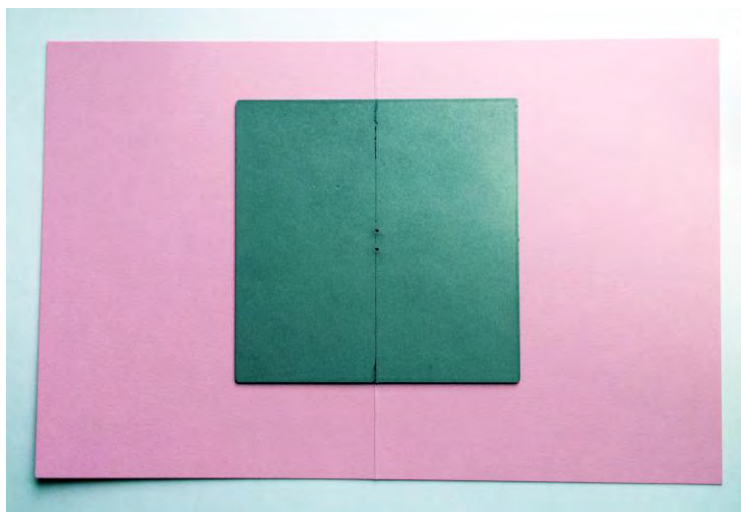

Black Dye Ink Pad
Colored Pencils
Gamsol Odorless Mineral Spirits & Blending Stumps

Scor-Tape
Regular Tape
Corner Rounder

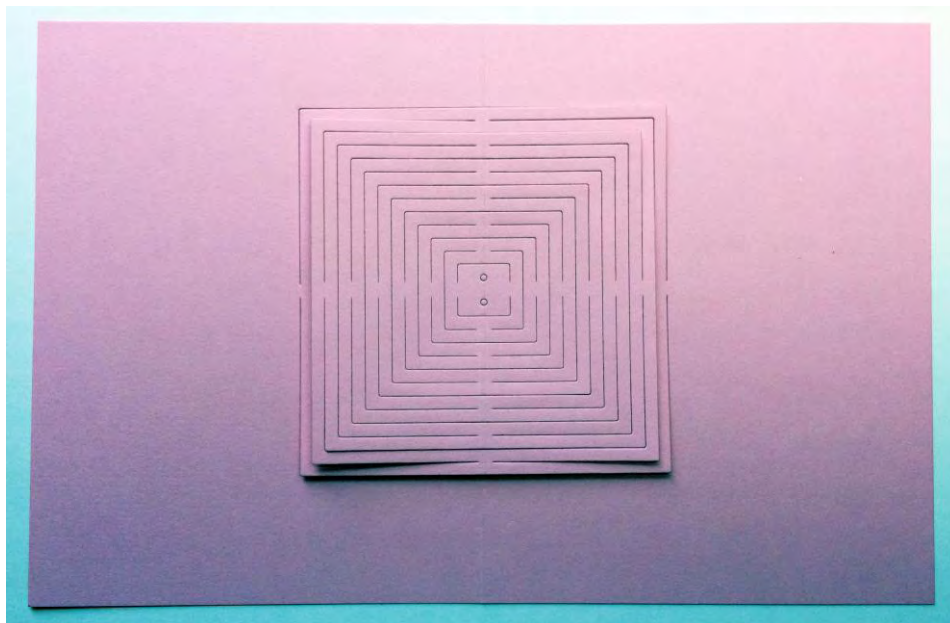

1. Score and fold 5 1/8" x 8 1/2" Guava Sensation cardstock in half to form card base.
2. On flat side of Square Cage die, mark center line, using either a fine-tipped permanent marker or a piece of removable tape, with ribbon holes oriented vertically.

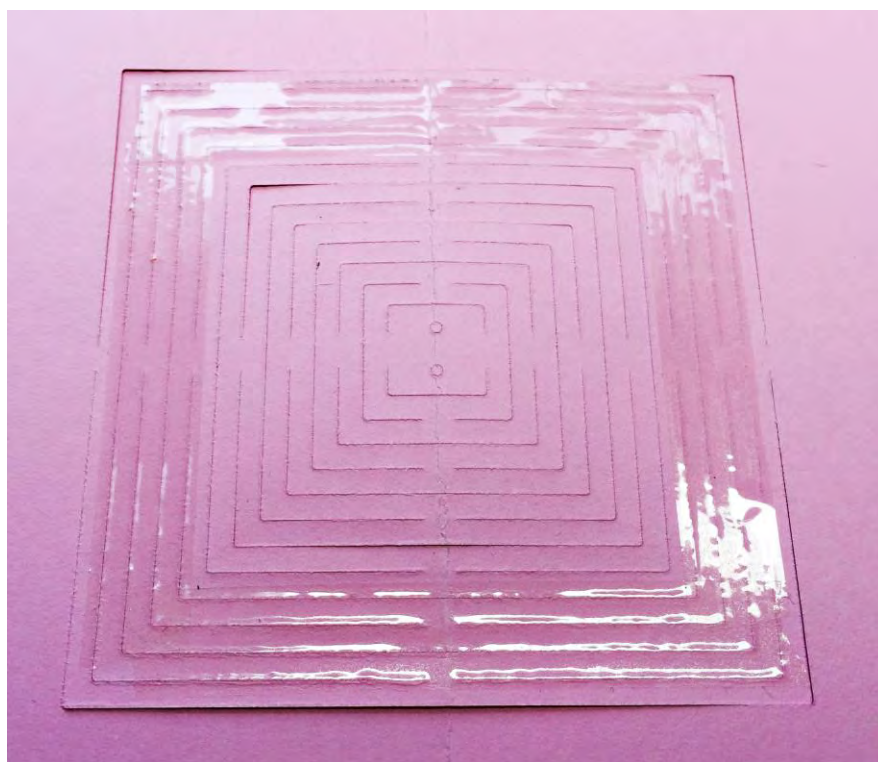

3. Open card base to inside, and place Square Cage die in upper center about 7/8" to 1" from top, making sure die is centered horizontally within card and the center line of the die matches up with the score mark on the card base.

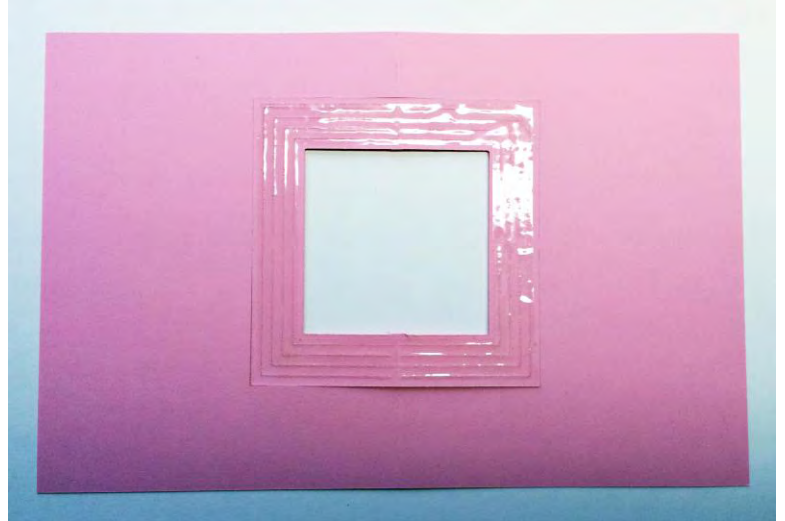

4. Run card base/die through machine.

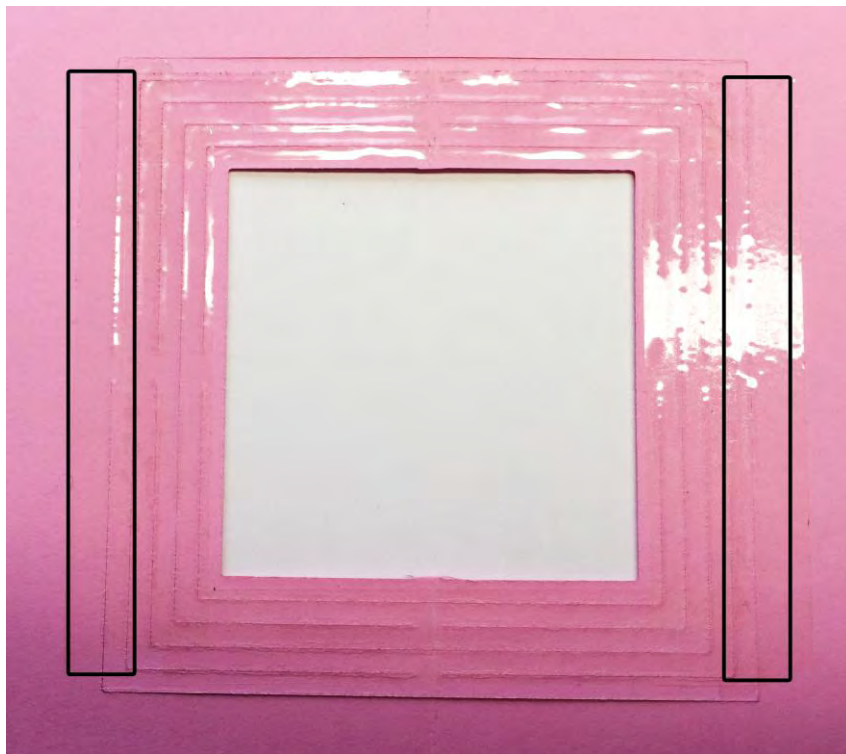

5. Turn over card base to outside, and carefully place 1/2" wide regular tape (i.e., either the clear cello or invisible type) over first five tiers of Square Cage die-cut lines, starting from the outer edges. Make sure to keep tape inside all cut lines; do not allow tape to extend past the edges.

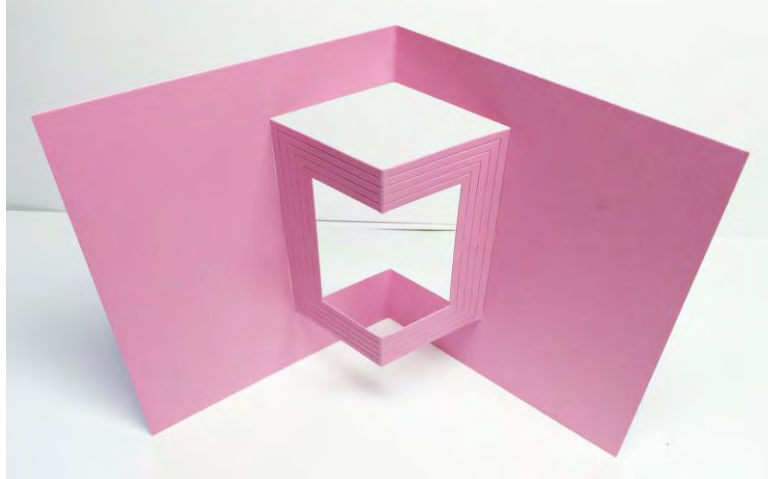

6. Using small scissors, snip at the top and bottom in order to remove the center portion of Square Cage (i.e., everything inside the first five tiers). This will make the pop-out frame.

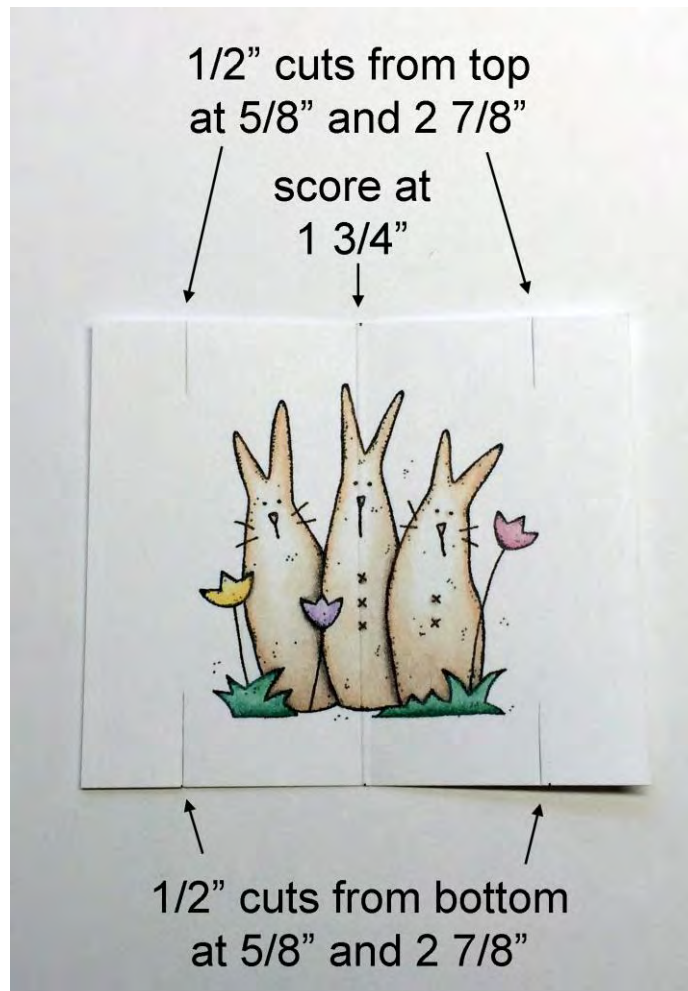

7. Place strips of 1/2" regular tape along the left and right sides of the pop-out frame, as indicated by black rectangles in photo below. Again, it is important to keep tape inside all cut lines; do not allow tape to extend past the upper and lower edges of the pop-out frame.

8. Turn card base back to show the inside, and fold center score line of die-cut part upward towards you (i.e., mountain fold). Fold the upper and lower parts of the score line away from you (i.e., valley folds).

9. Stamp bunny trio image onto 3" x 3 1/2" white cardstock. Color image with pencils and blend with Gamsol.
10. Score bunny trio piece on the long side at 1 3/4", and fold away from you (i.e., valley fold). Then make 1/2" vertical cuts along top and bottom at 5/8" and 2 7/8".

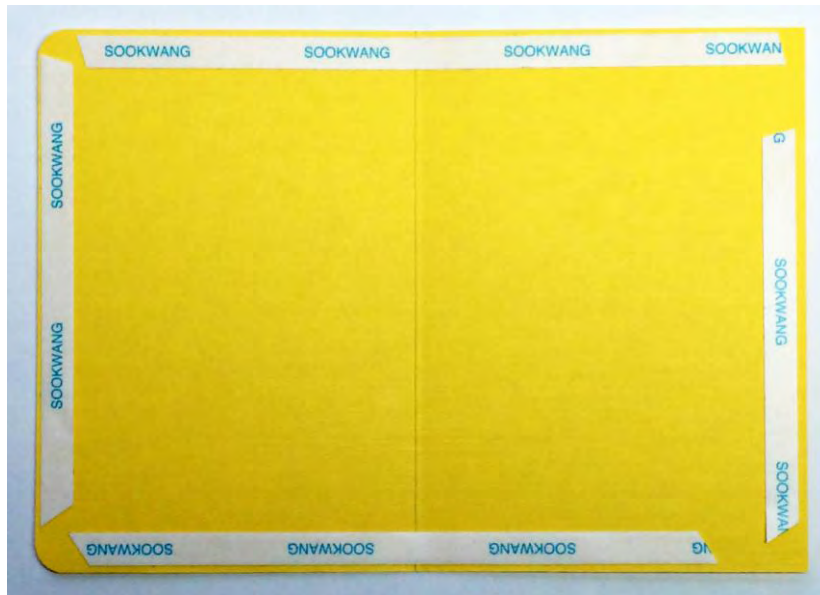

11. Insert bunny trio piece into Square Cage pop-out frame from behind, placing top and bottom slits into left and right sides of pop-out frame, respectively.

12. Fold 4 1/4" x 6" African Daisy cardstock in half on the longer side with a mountain fold, and punch upper and lower right corners with corner rounder.

13. Place Scor-Tape along all four edges on *reverse* side of African Daisy panel.

14. Adhere African Daisy panel to outside of card base. Make sure to match the fold lines on both pieces, and do not allow Scor-Tape to show through cut-out area inside card.

15. Stamp egg basket image onto 2 1/4" x 2 1/2" white cardstock. Color image with pencils and blend with Gamsol.
16. Adhere egg basket piece to front part of African Daisy panel.
17. Stamp "hoppy easter" saying onto 1" x 3 3/4" white cardstock. Color saying with pencils and blend with Gamsol.
18. Layer saying piece onto 1 1/4" x 4" Apple Crush cardstock, and adhere below egg basket image onto card front.
