

Peace, Love & Happiness Lift-Up Flaps Card

Stamps & Die:

11387LC Christmas Wishes
Clear Set
IAD-013 Square Lift-Up
Flaps Die

Cardstock:

White
Silver Glitter Paper
7-725 Jet Stream
From Darcie's
PAC1763 Snow Quilt

Other Supplies:

Black Dye Ink Pad
VersaMark Ink Pad
Silver Embossing Powder
Heat Tool
Red Twine
Paper Distresser

1. Fold 5 1/2" x 8 1/2" Jet Stream cardstock in half to form card base.
2. Using template included in package, follow instructions on template to die cut the smallest square (1 1/4" x 1 1/4") onto 3 3/4" x 5" white cardstock, so the flap opens from the top.
3. Place the die-cut white panel onto the inside of the Jet Stream card base, and trace the window opening lightly on the Jet Stream card base with a pencil.
4. Remove the white cardstock panel and stamp bell image in the center of the pencil-marked window of Jet Stream card base using VersaMark ink. Heat emboss bell image using silver embossing powder.
5. Stamp "all the year through" phrase onto the die-cut flap of the white cardstock panel from step #2 using black ink.
6. On the stamped/embossed Jet Stream card base, place Scor-Tape around the pencil-marked window only, and then erase pencil marks. Adhere the white cardstock panel onto the stamped/embossed Jet Stream card base.
7. Using template, die cut the next larger square (1 7/8" x 1 7/8") onto 4" x 5 1/4" Snow Quilt cardstock, so the flap opens from the right.
8. Stamp "Peace, Love & Happiness" phrase onto the die-cut flap of the Snow Quilt panel using black ink.
9. Place Scor-Tape around the die-cut window opening only on the *reverse* side of the Snow Quilt panel, center over the white cardstock panel from step #6, and press to adhere.
10. Using template, die cut the second largest square (2 5/8" x 2 5/8") onto 3 3/4" x 5" Jet Stream cardstock, so the flap opens from the left.
11. Stamp "I'd wish these for you" phrase onto the die-cut flap of the Jet Stream panel using black ink.
12. Place Scor-Tape around the die-cut window opening only on the *reverse* side of the stamped Jet Stream panel, center over Snow Quilt panel on card inside, and press to adhere.
13. Using template, die cut the largest square (3 1/4" x 3 1/4") onto 4" x 5 1/4" Snow Quilt cardstock, so the flap opens from the bottom.
14. Place Scor-Tape around the die-cut window opening as well as the top and bottom edges on the *reverse* side of the Snow Quilt panel, center over Jet Stream panel on the card inside, and press to adhere.
15. Stamp "If Christmas were wishes" phrase onto upper part of 3" x 3" white cardstock using black ink. Stamp ornament image onto lower part of panel using VersaMark ink. Heat emboss ornament image using silver embossing powder, and adhere panel to top of Snow Quilt die-cut flap.
16. Tie a bow using a 5" long double strand of red twine and adhere to ornament image on card inside as shown.
17. Layer 4" x 5 1/4" Snow Quilt panel onto card front.
18. Stamp dove image, as well as "Merry" and "Christmas" words onto 3" x 3 3/4" white cardstock as shown using VersaMark ink. Heat emboss image and sentiment using silver embossing powder, and then roughen edges of panel using paper distresser.
19. Layer stamped/embossed white panel onto 3 1/4" x 4" silver glitter paper, and then again onto 3 1/2" x 4 1/4" Jet Stream cardstock.
20. Adhere layered panel onto card front.
